**Time: 8.30am to 5.30pm**

## Dr Frank Bogdan

Dr Frank Bogdan received his dental education at the University of Medicine and Dentistry of New Jersey, graduating in 1973. In 1976 he received his certificate in orthodontics also from the University of Medicine and Dentistry of New Jersey. Dr. Bogdan maintains a very active specialty practice in Bayonne, New Jersey and also manages to find time to lecture throughout the country.

Dr Bogden has been lecturing at the University of New Jersey since 2001 and became assistant clinical professor in the dept of Orthodontics in 2005. He runs the Damon clinic at the University Orthodontic on the clinic floor, while also lecturing the 36 hour didactic course.

Dr Bogden was one of the 3 founding specialists who built all 19 modules for the University Damon teaching program released to University teachers of Damon from around the world, at the January 2008 Damon forum.

Dr Bogdan has lectured extensively on numerous orthodontic topics including *Low-Force, Low-Friction Orthodontics Using the Damon System, Facial Driven Treatment* and *Hyper-Efficient Treatment Mechanics*.
